PROBLEM STATEMENT : Digital Booking Platform for Farm Machinery
and Agri Vehicles

PROBLEM STATEMENT

1 CURRENT PROBLEMS IN RURAL FARMING

Few owners
(tractors, harvestors)

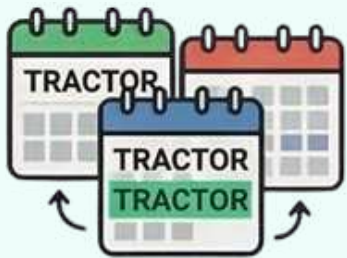

Most farmers
depend on renting

Manual booking
(phone / visits)

Time - consuming to
check availability

Booking conflicts
can occur

Lack of transparency
(pricing, damage)

2 IMPACT ON FARMERS AND OWNERS

Loss of valuable
farming time

Reduced Crop
Productivity

Underutilization of
Machinery

Payments &
Damage disputes

Lack of
Trust

3 NEED FOR A DIGITAL PLATFORM

Easy search for
nearby machinery

Real-time visibility
of availability

Online Booking &
Scheduling

Secure Damage &
Protection

Vehicle tracking &
Transparency
